Enjoy Harness Horse Racing “Great Midwest Trot & Pace”

Monday, June 25, the “Great Midwest Trot and Pace,” sponsored by Casey State Bank, will begin at 5pm.

The race announcer will be Kurt Becker.

A brief history of harness horse racing

Harness racing in the United States has a rich and colorful history. From its humble back-roads beginnings to the systemized, standardized, multimillion-dollar business

we know today, Standardbred racing has been an integral part of the American story.

Harness racing first emerged on the scene as a fun, recreational activity for neighbors who owned horses (which was nearly everyone) to earn bragging rights and compete against one another. These early races initially took place on country roads and village streets, but as the informal events grew more pop-

ular, race-

tracks were built to accommodate the horse-

men and fans. The first harness racing tracks were opened in the

mid-1800s, but harness racing events could be found as early as 1825 at county fairs all around the country. And by the mid-20th century, harness racing was the fastest-growing sport in America.

Today, harness racing can

still be found at county fairs and numerous racetracks across the U.S. The sport is also popular in other countries including Canada, Australia, New Zealand, France and Sweden.

Lew-E's Comedy & Circus act to perform on the midway

Now in his 27th year of performing, Lee has quite literally been a performer his whole life. When Lee created his clown character, Lew-E, at the age of three, he had no idea that it would turn into his career. Lee has been

board as a client, Lee views them as partners, and it is his job to make sure his partners get the most out of his services so that patrons return through their gates year after year.

Lee has been blessed to be able to travel the world performing in almost ever entertainment venue imaginable! Lee has now found his niche of performing for the fair industry nationwide and performing at libraries across the southeast.

In 2011, after leaving the Circus full-time, Lee began performing heavily in the Library market during the summer months. Lee has honed in on how to write, create, and perform engaging reading programs that not only children love but the parents love just as much.

Lee grew up on the carnival lots of

the McNair Amusement company. Mr. Hugh McNair and his daughter, Lisa McNair, took Lee under their wing to teach him the ropes of the carnival business. In 2004, at the age of 12, Lee was hired to perform at his first state fair as Lew-E the Clown. He has since that time spent every second on every fairgrounds he has worked, learning ways to make his show one of the most enjoyable experiences a fairgoer will have at their fair. History of the Ag Fair

The grounds of the Martinsville Agricultural Fair have a long, rich history. The Clark County Fair Association was formed in 1897 and the first fair was held in the early fall of that same year. Families came to spend the day, bringing picnic hampers and blankets to spread out while sharing lots of stories and laughs with their neighbors. Today families eat at the variety of food vendors instead of bringing a picnic basket but the fel-

lowship with neighbors hasn't changed.

The Fair flourished until 1912 when it was largely destroyed by a tornado. After four years of recovery, the grounds were once again opened in 1917 and continued until the last Fair run by the Clark County Fair Association was held in 1930.

The previous fair site was purchased in 1944 by a group of interested people and shares were sold in the Mar-

tinsville Community Club. By 1945 the Club

decided to deed the fairgrounds, about 29 acres, to the newly formed Martinsville Agricultural Fair Association. Under this new management the Fair opened once again on July 15, 1946. The Association continues to be the governing body of the Fair today and has been expanded to include 48 acres.

Horse racing has always been a major part of the Fair. The half-mile track was redesigned and resurfaced in

1965 and remains one of the premier facilities in the state for harness racing. The track is home to the first mile in two minutes (or faster) in Illinois county fair history for both trotters and pacers. Fifteen individuals have been involved with the Martinsville racing program and then subsequently inducted into the Hall of Fame of the Trotter in Goshen, IN. The Great Midwest Trot and Pace remain the fair's signature events, having been held annually since 1953. Because the Fair Association maintains a winterized racing track, thoroughbred and harness horses are boarded and trained on the grounds year

around. The Martinsville track was where Dale Baird, Winningest Thoroughbred Trainer in History, got his start.

Throughout the years, the Board of Directors has upheld the founders' pledge in the Articles of Incorporation: "To encourage, promote and conduct civic, patriotic, athletic, education, agricultural and horticultural enterprises and events, and in furtherance to same but not in limitation thereof to furnish facilities for and to conduct an Agricultural Fair with exhibits of farm products, livestock, poultry and products

Letter from Ag Fair President

As we strive to be the best fair around, we are continually looking for new programs and vendors. We are excited to Welcome Luehrs' Ideal Rides on the midway this year. Luehrs is a well-known, Midwest carnival that plays large event, including the Iowa State Fair. They will be offering specials throughout the week for your entertainment.

We are also happy to bring back the Rodeo this year, not just one night but two. Whip-poorwill Rodeo will feature all the fan favorite events including bronc riding, barrel racing, roping, steer wrestling, bare-

back riding and bull riding. Check out the 2023 Schedule for all the free activities for families, grandstand programs, and livestock shows.

Improvements to the facilities and grounds are another priority of the Board. We have completed a renovation to a second restroom facility and improvements to our Arts Hall facility.

We are finalizing plans to renovate our nearly 80-year-old grandstands. When you attend the 2024 Fair, you'll have new seating to enjoy the grandstands programs.

Your Fair Board is com-

mitted to keep the Martinsville Agricultural Fair moving forward and we have lots of ideas and plans for future improvements.

On behalf of the Board of Directors, we look forward to seeing you at the 2023 Fair!

of horticulture, floriculture, culinary and domestic arts; 4H Club work, school and education work, farm machinery; and in general to do all things

usually done or furnished in and about the conduction of a Country Fair.”

The Board has always been committed to maintaining and improving the grounds. There are five horse barns, a dairy barn, beef barn, hog barn and

sheep barn to use in racing and livestock shows. In addition there is a horse arena that is used throughout the year by various horse clubs and an Arts Hall, used to promote agricultural and cultural education. Over the last few years

two new pavilions and a handicap accessible area to the grandstands have been added; electrical upgrades to the midway area have been completed; the roof of the Arts Hall has been replaced and other buildings have been maintained and

painted. In addition to the 4-H Fair, other events utilizing the grounds have included the Martinsville Heritage Days Festival/Draft Horse Show; Farm Safety Program; Livestock Judging Program; the Firemen's Auxiliary's Haunted Barn; Firemen Training Programs, the circus, the Antique Power Club Show, the Clark County Health Department's used tire disposal collection point, reunions, auctions and more.

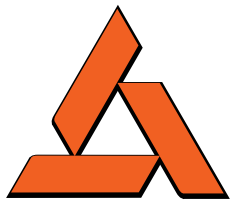

The Martinsville Agricultural Fair is known as a fair that promotes "Family Night, Every Night" by offering top entertainment and a State Fair quality carnival for families to enjoy at affordable prices. The Fair is one of Martinsville's greatest assets and the Board of Directors will continue to build on the rich heritage while partnering with organizations throughout the area to fully

utilize what the grounds can offer.
